STAT

At today's ADD meeting, [redacted] representing DDS&T referred to the recent provision of the names of directorate personnel designated to accompany Agency employees during interviews with the Select Committee Staff and asked what arrangements were being made to brief these personnel.

STAT

The ADDs indicated particularly that they thought a briefing and orientation should be provided and said you had mentioned preparations were being made for this. I was not aware of any such commitment, but agreed that a briefing orientation was important.

ILLEGIB

STAT I suggest that [redacted] be tasked prepare and conduct this.

STAT A copy of the list of personnel I provided you on 7 April is attached. A
